# Child & Family Therapy Postdoctoral Fellowship

Join a growing practice in the heart of the Brazos Valley! Located near Texas A&M University, our practice serves families from Bryan, College Station, and small communities within a 50-mile radius. This is a designated mental health provider shortage area, and the client base is ethnically, educationally, and economically diverse. We accept clients with a wide range of needs, with a specialty in serving clients with behavior disorders and developmental disabilities.

Available tracks to foster specialized training (i.e., to guide client assignments and didactics):

- Child track (age 0-11)
- Adolescent track (age 12-18)
- Young adult/College track (age 18-30)

Fellows will gain experience utilizing these evidence-based practices:

- Acceptance and commitment therapy (ACT)
- Cognitive-behavioral therapy (CBT)
- Dialectical behavioral therapy (DBT)
- Mindful self-compassion (MSC)
- Parent-child interaction therapy (PCIT)

**Position details:** Position ideal for new/recent graduates. For licensed psychologists with provisional status, this position provides supervision hours required for licensure in Texas.

**Requirements:** Doctorate degree from APA-accredited program in school, clinical, or counseling psychology. Licensed or license-eligible as a Licensed Psychologist with Provisional Status in Texas. Interest in working with children and clients from a variety of backgrounds.

**Benefits:** Health insurance, Sick leave, Vacation days, Release time for licensing exam and professional development/continuing education hours

**Rate of Pay:** Will be discussed during interview.

**Start Date:** Flexible; 1 immediate opening and 1 position starting Fall 2022.

**Lamb Behavioral Health Center:** LBHC provides counseling services for children and families, with mild to severe psychological disorders. Treatment is primarily based on a cognitive-behavioral framework. Office staff handle scheduling, billing, insurance, referrals, and filing, allowing clinicians to focus on clinical needs of clients. We also utilize electronic health records, simplifying the process of documenting services and monitoring progress. We are a close-knit community that values professionalism, compassion, hard work, and enthusiasm!

**For questions or to apply:** Contact Miriam Lamb, Office Manager; 979-436-1956; mlamb@LambBHC.com
