Child & Family Therapy Post-Doctoral Fellow

Join a growing practice in the heart of the Brazos Valley! Located near Texas A&M University, our practice serves families from Bryan, College Station, and small communities within a 50-mile radius. This area is designated a mental health provider shortage area, so there is a large potential for growth. The client base is ethnically, educationally, and economically diverse. Our primary focus is individuals from birth to age 25. We accept clients with a wide range of needs, with a specialty in serving clients with behavior disorders and developmental disabilities.

Responsibilities:

- Providing individual and family therapy
- Providing parent training
- Developing behavior plans
- Coordinating care with schools and other providers
- Connecting families with community resources
- Conducting evaluations on a limited basis

Position details: Position ideal for new/recent graduates. For provisionally licensed psychologists, this position provides supervision hours as required for licensure as a psychologist in the state of Texas.

Requirements: Doctorate degree from APA-accredited program in school, clinical, or counseling psychology. Licensed or license-eligible as a Provisionally Licensed Psychologist in Texas. Comfortable working with young children and clients from a variety of social and economic backgrounds.

Benefits: Health insurance, Sick leave, Vacation days, Release time for licensing exam and professional development/continuing education hours

Rate of Pay: Negotiable, depending on experience/licensure status.

Start Date: Flexible, around September 2019.

Lamb Behavioral Health Center: LBHC provides counseling and assessment services for children and families, with mild to severe psychological disorders. We also foster prevention through education and consultation. Treatment is primarily based on a cognitive-behavioral framework. Office staff handle all scheduling, billing, insurance, referrals, and filing, allowing clinicians to focus on the needs of the clients. We also utilize electronic health records, simplifying the process of documenting services. We are a close-knit community that values professionalism, compassion, hard work, and enthusiasm!
